

HemoCure Gel

Ingredients:

Aqua, Quercus Robur Bark Extract, Aesculus Hippocastanum Seed Extract, Glycerin, Hippophae Rhamnoides Extract, Olea Europea Leaf Extract, Agrimonia Eupatoria Leaf Extract, PEG-40 Hydrogenated Castor Oil Phenoxylethanol, Ethylhexylglycerin, Aloe Barbadensis Leaf Extract, Carbomer, Triethanolamine, Diazolidinyl Urea, Sodium Benzoate, Potassium Sorbate, Allantoin, Parfum.

Mode of Action:

HemoCure Gel is a herbal preparation that is composed of naturally occurring plants. It has anti-inflammatory, anti-infective, astringent and soothing effects. It helps to restore dilated and inflamed veins to the normal condition, helps shrink piles mass, controls bleeding and hastens the healing process of inflamed skin and mucous membrane. HemoCure also has antiseptic properties, thus accelerating the healing process and relieving the associated pain.

Indications:

- Haemorrhoids (External & Internal)
- Anal Fissures

Directions:

Apply three times daily, especially at night, in the morning or after each bowel movement. Wash your hands thoroughly before and after use.

For internal haemorrhoids:

- Screw the plastic nozzle provided onto the tube
- Insert the nozzle into the anal opening (this is easier to do if you bend forward)
- Squeeze the tube gently as you slowly pull it out
- Stay still for 1 or 2 minutes
- Wash the nozzle

For external haemorrhoids:

- Wash the affected area and carefully dry
- Squeeze a small amount of the gel onto your fingertip
- Gently rub over the affected area

Warnings:

- For external use only.
- Do not use if you are allergic to any of the ingredients.
- Constipation should be avoided as it may aggravate the symptoms.
- Consult a doctor before use for pregnant, breast-feeding women, or children under the age of 12 years.

Storage:

Store in a cool dry place below 25°C.
Keep out of reach of children.

Packaging:

100 ml tube with a packaging leaflet in a carton box.
The pack also contains a white plastic applicator which is used for treating internal haemorrhoids.
